Yamada, H. and H.Y. Toda, A note on hypothesis testing based on the fully modified vector autoregression 27
Yates, A.J., Hotelling and the New York stock exchange 107

Zee, H.H., A note on the nonneutral taxation of indexed government bonds under alternative indexation schemes 71
Ziad, A., On the necessary and sufficient conditions for Nash implementation 209

ELSEVIER

Economic Letters 56 (1997) 375–376

economics letters

Category index of volume 56

B Methodology and History of Economic Thought

K.P. Kalirajan, A measure of economic efficiency using returns to scale (B41) 253

C Mathematical and Quantitative Methods

D.J. Poirier, A predictive motivation for loss function specification in parametric hypothesis testing (C1) 1
M.R. Laskar and M.L. King, Modified Wald test for regression disturbances (C12) 5
T. Engsted, J. Gonzalo and N. Haldrup, Testing for multicointegration (C12) 259
K.-f. Wong, Effects on inference of pretesting the exogeneity of a regressor (C12) 267
J. Smith and J. Otero, Structural breaks and seasonal integration (C15) 13
R.F. Phillips, On the robustness of two alternatives to least squares: A Monte Carlo study (C20) 21
J.M. Wooldridge, On two stage least squares estimation of the average treatment effect in a random coefficient model (C21) 129
M. Ooms and U. Hassler, On the effect of seasonal adjustment on the log-periodogram regression (C22) 135
D. Greasley and L. Oxley, Time-series based tests of the convergence hypothesis: Some positive results (C22) 143
H. Yamada and H.Y. Toda, A note on hypothesis testing based on the fully modified vector autoregression (C32) 27
A. Ribba, A note on the equivalence of long-run and short-run identifying restrictions in cointegrated systems (C32) 273
A.R. Fleissig and J. Strauss, Unit root tests on real wage panel data for the G7 (C33) 149
T. Draaisma and C. Noussair, Optimal bidding in a uniform price auction with multi-unit demand (C70) 157
M. Voorneveld, Equilibria and approximate equilibria in infinite potential games (C72) 163
M. Le Breton and S. Weber, On existence of undominated pure strategy Nash equilibria in anonymous nonatomic games (C72) 171
K. Blumenschein, M. Johannesson, G.C. Blomquist, B. Liljas and R.M. O'Conor, Hypothetical versus real payments in Vickrey auctions (C91) 177

D Microeconomics

M. Browning, Interpreting the results of empirical analyses of intertemporal allocation: An identification problem (D1) 41
L. Smith, Time-consistent optimal stopping (D9) 277
T. Russell, How quasi-rational are you?: A behavioral interpretation of a two form which measures non-integrability of a system of demand equations (D11) 181
H. Park, Randall and Stoll's bound in an inverse demand system (D11) 281
G. Laroque and I. Lemaire, Bliss and the permanent income hypothesis (D11) 287
R. Färe, R. Grabowski, S. Grosskopf and S. Kraft, Efficiency of a fixed but allocatable input: A non-parametric approach (D20) 187
B. Milanovic, A simple way to calculate the Gini coefficient, and some implications (D31) 45
M. Ravallion, Can high-inequality developing countries escape absolute poverty? (D31) 51
P. Bertoletti and C. Poletti, Welfare effects of discriminatory two-part tariffs constrained by price caps (D42) 293
D. Nautz and E. Wolfstetter, Bid shading and risk aversion in multi-unit auctions with many bidders (D44) 193
C. Hara, Welfare analysis of the coordinating role of a redundant security (D52) 299
A. Dhillon and J.-F. Mertens, An impossibility theorem with von Neumann-Morgenstern preferences (D70) 305
P. Kooreman and L. Schoonbeek, The specification of the probability functions in Tullock's rent-seeking contest (D72) 59

Elsevier Science S.A.

R.N. Baleiras, Electoral defeats and local political expenditure cycles (D72) 199
A. Ziad, On the necessary and sufficient conditions for Nash implementation (D78) 207

E Macroeconomics and Monetary Economics

M.T. Kiley, Efficiency wages, nominal rigidities and the cyclical behavior of real wages and marginal cost (E24) 213
C. Bruno, International capital movements and the locomotive effect (E32) 311
B. Sun Cho and K. Shin, Intra-industry wage differences over the business cycle (E32) 317
T. Hiraki and N. Takezawa, How sensitive is short-term Japanese interest rate volatility to the level of the interest rate? (E43) 325
J.I. García de Paso, Multiple reserve requirements: an irrelevance result (E43) 333
J.M. Hartwick, On imputing for financial services in the national accounts (E44) 63
J. Dolmas and G.W. Huffman, The political economy of endogenous taxation and redistribution (E60) 221
H.H. Zee, A note on the nonneutral taxation of indexed government bonds under alternative indexation schemes (E62) 71

F International Economics

O. Lorz, A Bertrand model of wage competition with capital mobility (F2) 339
A. Brod and R. Shivakumar, Domestic versus International R&D Spillovers (F12) 227
J. Thornton and P. Molyneux, Tariff endogeneity: Evidence from 19th century Europe (F13) 345
D. Ghosh, Negative autocorrelation around large jumps in intra-day foreign exchange data (F31) 231
W.J. Jansen, Can the intertemporal budget constraint explain the Feldstein-Horioka puzzle? (F32) 77

G Financial Economics

S.T. Lau, M.S. McCorry and T.H. McInish, Liquidity and foreign ownership restrictions (G15) 85

H Public Economics

L.L. Nethercutt and S.W. Pruitt, Touched by tragedy: capital market lessons from the crash of ValuJet Flight 592 (H4) 351
E. Kaplan and A. Dube, Aggregate demand externalities and labor supply decisions: Worker discouragement and market inefficiency (H23) 89

J Labor and Demographic Economics

B.S. Cheng and S.L.S. Nwachukwu, The effect of education on fertility in Taiwan: A time series analysis (J13) 95
M.K. Lettau, Compensation in part-time jobs versus full-time jobs What if the job is the same? (J31) 101
D.M. Gross, Aggregate job matching and returns to scale in Germany (J63) 239

L Industrial Organization

A.J. Yates, Hotelling and the New York stock exchange (L10) 107

O Economic Development, Technological Change, and Growth

J.S. Gans, Fixed cost assumptions in industrialisation theories (O14) 111
S. Fuchs-Selinger, A further remark on Shephard's Lemma (O22) 359
M.P. Upadhyay, Can public sector employment spur human capital acquisition? (O41) 121

R Urban, Rural, and Regional Economics

D.C. Black and M.R. Dowd, Measuring real interstate income inequality in the United States (R11) 367
